ABOUT ME

An Enthusiastic, passionate and detailed front-end developer with a strong understanding of HTML, CSS and Javascript, alongside Adobe Photoshop, for creating aesthetically pleasing graphics. I'm keen on building responsive and user-friendly web applications. Also very eager to contribute to a dynamic working development team, and grow my skills in a professional settings.

SKILLS

Languages: HTML, CSS, Javascript

Frameworks/Libraries: Currently learning React

Tools: Git, Adobe suite, Figma, Visual Studio Code

Others: Responsive design, Cross-browser Compatibility

EXPERIENCE

FRONT END DEVELOPER INTERN

Seriphics Academy, Lagos

June 2024 - August 2024

- Worked alongside senior front-end developers to develop and maintain the frontend functionality of the company's main website, using HTML, CSS, and Javascript.
- Collaborated with the UIUX design team to implement responsive design features, improving user experience on mobile devices by almost 30%.
- Utilized git for version control and collaborated with senior developers to make changes to the other Seriphics websites.

PROJECTS

Portfolio website

- Built a personal portfolio website using HTML, CSS, and Javascript, to showcase personal projects and skills.
- Integrated responsive design to ensure compatibility across various devices, especially mobile devices.

E-commerce Website

- Developed an ecom website using HTML, CSS, and Javascript.
- Integrated responsive design to ensure compatibility across various devices.
- Implemented products catalog and a payment modal.

Captcha Generator

- Created a captcha generator application to enhance web security.
- Implemented features to generate random captchas and validate user input.

EDUCATION

Bachelor of Science in Animal science

University of Benin

Presently in my 2nd Year.
